- It also provied links to gather Knowlege in Specific fields and increase their skill level.
- In this portal women can also apply for various jobs.

✦ Introduction

Women's empowerment can be defined to promoting women's sense of self-worth, their ability to determine their own choices, and their right to influence social change for themselves and others.

It refers to the process of presenting strength to the lady to be unbiased and anticipate power to manipulate her existence and decide her conditions.
